Seeger's stud fee is set at \$3,000.00

Option 1: We offer a \$750.00 (non-refundable) service fee per breeding. The service fee is a deposit toward the full stud fee. All shipping is the responsibility of the bitch owner. Semen release forms will be sent to the bitch owner for completion. The balance of \$2,250.00 is due within 7 days upon the birth of 2 live puppies. If no puppies result from the breeding a repeat is not offered and the service fee is non-refundable.

Option 2: Upfront Stud Fee of \$3,000.00. The breeding guarantees 2 live puppies. If two or fewer live puppies result for the initial breeding then a repeat breeding is offered (on stud fees paid in full in advance only). An additional \$750.00 service fee will be required with repeat breeding. The repeat breeding can be used on any female you own or co-own. You will have 2 years to use the repeat breeding. All expenses for shipping will be paid by the bitch owner. In addition, repeat breeding's cannot be sold to other breeders.

Once all fees are paid, the litter registration will then be signed by the stud owner. All fees related to breeding will be the bitch owner's responsibility (progesterone testing, all shipping and transport charges).

We also ask that you utilize progesterone testing for your bitch, and give us the results in a timely fashion so arrangements can be made to ensure that your breeding is a successful one. We refuse to breed to any bitch that has not been progesterone tested.
